The carpentering work will be done by Mr. B. P. Price and the brick work by Mr. Jas. Mills. It appears from returns just received at the Postoffice Department that in Richmond dur ing last month the free deliveries reached 98,080 mail letters and 19,639 mail cards, and the collection during the same period amounted to 60.027 letters and 15,998 cards. At Nor folk 42,731 letters were distributed and 50,309 letters collected. This is in excess of the cor-

responding period last year. The change just made in the postoffice at Cickamatuck, Nansemond Co., Va., is made in consequence of it having been shown to the Department that the postmaster lived too far from his office to give it proper attention. .

New York Carnival. "Everything is ready for to-morrow's great

carnival," said onothe managers of the pageant to-day, and all we ask the citizens of New York to do to make the revel a grand success is the small favor of burning colored lights in front of their residences or places of business when the night procession passes along. We are short of fands to buy fireworks. Citizens should contribute to show off our floats, etc. The effects will be much better shown to ad-

vantage by having to pass through a blaze of

light.
Hotel keepers say that the list of arrivals has been considerably augumented during the past fows days, and rooms are being telegraphed for at a fast rate. There is no doubt that the city will be full of strangers to-morrow.

Throughout the entire loute of the procession and at Union square, where the king reviewed the procession, there were dense crowds of persons as early as 9 o'clock a. m. The battery park was thronged with people, and two hours later it is thought that not less than 20,000 people were present. A large force of police kept the crowds in order. Rex landed at the custon house pier, from the steamer which appeared to come from the Brooklyn side. The bost was beautifully descrated and had considerable party on board. His Majesty was received in belluing manner and the steamer's arrival was hailed by tiring of a cannon, blowing of steam whistles by steamers and Rez landed amid the cheers of a vast concourse.
